### 3. Prohibited Activities

The Scouting program incorporates common activities such as swimming, climbing, cycling, archery, and snowboarding that, depending on the details, may include both real and perceived risks to participants. Those risks are managed by BSA policies, procedures, and guidelines that set limits and incorporate specific features such as safety equipment or qualified supervision. Guidance is provided by, but not limited to, the [Age-Appropriate Guidelines for Scouting Activities](#), [Safe Swim Defense](#), [Safety Afloat](#), [Climb on Safely](#), [Belay On](#), and the BSA [shooting sports](#) program. Activity components outside of BSA program guidelines are prohibited as follows:

A chart titled 'AGE APPROPRIATE GUIDELINES FOR SCOUTING ACTIVITIES'. It lists various activities and indicates which BSA units (Lions, Tigers, Wolf/Bear Scouts, Webelos, Arrow of Light Scouts, Scouts BSA, and Older Scouts BSA/SEA Scouts Venturers) are permitted to participate. A large blue arrow points from the 'Activity Planning and Risk Assessment' menu item to this chart.
